# INTRODUCTION

---

- In an increasingly digital age, the need for accessible healthcare services is more critical than ever. To address this pressing issue, we propose to create a website known as "med-bridge".
- It is a revolutionary online platform designed to connect people in local communities with healthcare professionals and doctors, facilitating quick and easy access to medical expertise.
- This project aims to bridge the gap between individuals seeking medical assistance and the dedicated doctors within their local areas, ultimately improving healthcare accessibility and quality of life for all.

# PROBLEM OUR SOFTWARE INTENDS TO SOLVE

*In today's digital age, accessible healthcare is more crucial than ever. "Med-bridge" is a groundbreaking online platform that connects local communities with local healthcare professionals. This project's core mission is to close the gap between those in need of medical care and dedicated local doctors, significantly by overcoming the major challenge i.e Appointment Scheduling Challenge.*

**THE ADJOINING CHART CLARIFIES  
THE MAJORITY OF PROBLEMS  
DEALT BY AN INDIVIDUAL WHILE  
BOOKING OF AN APPOINTMENT.**
